Subject: Mine Class IIIb Landfill Permit by Rule

Dear Mr. Harms

The application for a Permit by Rule for a Class IIIb Landfill at the Georgia Pacific Gypsum Corporation mine located in the NW1/4, SW1/4, of Section 12, Township 22 South, Range 1 West, Salt Lake Base and Meridian, Sevier County, Utah received August 6, 2002 has been reviewed in conjunction with a Fax from JBR Environmental Consultants (Georgia Pacific's contractor) received on October 1, 2002.

It is determined that the planned waste and the waste disposed at the landfill to date is nonhazardous industrial waste and that the closure and reclamation activities at the site will be as stringent as the requirements for an Industrial Solid Waste Landfill specified in Utah Administrative Code (UAC) R315-304-5(2)(b). Also, the reclamation bond required by the Division of Oil, Gas and Mining includes the closure and reclamation of the landfill site.

Therefore, the landfill at the Juab mine meets the requirements of UAC R315-318 and is hereby permitted by rule under the condition that the requirement of UAC R315-302-2(6) is met. This requirement specifies that the owner and operator of the landfill shall, within 60 days of closure, make a change in the record of title that the property has been used as a solid waste landfill and submit proof of the record of title filing to the Executive Secretary.

If you have questions or need further information on this matter, please contact Ralph Bohn at 801-538-6170.

Sincerely,

Dennis R. Downs, Executive Secretary

TYPE Class IIIb Noncommercial Solid Waste Landfill

APPROVAL Permit By Rule

LOCATION NW ¼ of the SW 1/4 of Section 12, Township 22 south, Range 1 west, Salt Lake Base and Meridian, Sevier County, Utah, Lat. 38° 52' 28", Long. 111° 51' 0"

Permit as used in this document is defined in UAC R315-301-2(55).

By this permit by rule, the Permittee shall be subject to the following conditions.

I. GENERAL COMPLIANCE RESPONSIBILITIES

A. General Operation

The Permittee shall operate the Class IIIb landfill in accordance with the conditions of this Permit by rule and with all requirements of UAC R315-304, that are currently effective for a Class IIIb Landfill.

B. Noncompliance

1. If monitoring, inspection, or testing indicates that any permit condition or any applicable rule under UAC R315-301 through 320 may be or is being violated, the Permittee shall promptly make corrections to the operation or other activities to bring the facility into compliance with all permit conditions or rules.

C. Inspection and Inspection Access

The Permittee shall allow the Executive Secretary of the Utah Solid and Hazardous Waste Control Board or an authorized representative of the Board, or representatives from the Central Utah Health Department, to enter at reasonable times and:

1. Inspect the landfill or other premises, practices or operations regulated or required under the terms and conditions of this Permit or UAC R315-301 through 320;
2. Have access to and copy any records required to be kept under the terms and conditions of the Permit or UAC R315-301 through 320;
3. Inspect any loads of waste, treatment, pollution management, or control facilities required under the Permit or regulated under UAC R315-301 through 320; and
4. Obtain a record of any inspection by photographic, videotape, electronic, or other reasonable means.

D. Prohibited Waste

No hazardous waste as defined by UAC R315-1 and R315-2; no PCB's as defined by UAC R315-301-2(53), except those specified by UAC R315-315-7(2)(a) and (c); no household waste; no municipal waste; special waste, except as specified in this permit; or commercial waste shall be accepted for treatment, storage, or disposal at the landfill.

E. Acceptable Waste

This permit is for disposal of nonhazardous industrial waste, as defined in UAC R315-301-2(35), generated by Georgia Pacific Gypsum Corporation and as described in the application for permit by rule

F. Revocation

1. This permit by rule is subject to revocation if any condition of this permit is not being met. The Permittee will be notified in writing prior to any proposed revocation action and such action will be subject to all applicable hearing procedures established under UAC R315-12 and the *Utah Administrative Procedures Act*.

II. LANDFILL OPERATION

A. Waste Inspections

The Permittee shall visually inspect incoming waste loads to verify that no wastes

other than those allowed by this permit are disposed in the landfill.

B. Cover

The Permittee shall cover the waste as necessary to prevent fires, and control vectors, blowing litter, odor, scavenging, and fugitive dust.

C. Disposal of Liquids

Disposal of noncontainerized material containing free liquids or any waste containing free liquids in containers larger than five gallons is prohibited.

D. Burning of Waste

Intentional burning of solid waste is prohibited and is a violation of UAC R315-303-5(2)(b). All accidental fires shall be extinguished as soon as possible.
